ANY ITEM.
ANY FINISH.
ENDLESS POSSIBILITIES.

Robert Bramble
CEO

Dear Bramble Customers,

Welcome to the new season of Bramble Furniture.

It has been an unexpected year for business to say the least.

In the 30 years since Bramble started, I've learned that seemingly uncertain times yield meaningful opportunities for decisive growth and innovation. I am pleased to say that we have been doing just that at Bramble. We've optimized and enhanced every facet of our business and can't wait to share them with you.

Our latest offering is a collaborative effort between Stephanie Bramble and myself. Between the two of us, we have added a new level of depth and versatility to our design while maintaining pristine quality and value.

Discover our sweeping range of new styles, from our fully modular upholstered collections to Steven Shell's sleek and sophisticated silhouettes. With over 80 finishing options, it's really never been simpler to shop for any home in one location.

To that end, we are continuously updating and improving our website to make things easier for you. It's a powerful tool that will allow you to save on promotions, check live status on in-stock items, and render your products in select finishes.

As always, we thank you for business. We look forward to connecting with you at upcoming markets.

Sincerely,

STEPHANIE BRAMBLE

We are incredibly delighted to welcome Stephanie Nieuwendijk-Bramble as our full-time creative director. Stephanie has worked with Bramble many times over the decades, and we cannot sing enough of her praises.

Stephanie's creative vision is something we truly admire; having the unique ability to intuitively evoke emotion in her designs. We are thrilled for you to see what she has brought to the table in Bramble's new collections.

About Stephanie

Stephanie is the owner of Dutchman's Designs, a chain of home goods stores, which she started after moving to the country around 25 years ago. She built the business from the ground up, from a single modest storefront selling one-of pieces to a retail powerhouse spanning the South Atlantic.

Aptly dubbed "casual living" stores, each location has a distinct experience that changes with the seasons. Stephanie breathes life into her projects with palpable cheer, color, and eclecticism. A masterclass in style that just makes you happy when you see it; a far cry from the dreary greys saturating the market at the moment.

Most recently, she has completed a collaborative boutique hotel project doubling as an immersive shopping experience where customers can shop any piece of furniture directly within the hotel. We welcome her vast experience in the retail industry and knowledge of what works.

Bramble looks forward to the next chapter with Stephanie's creative vision at the helm. Great things are coming.

STEVEN SHELL

LONDON

BY BRAMBLE

Born in London Enjoyed around the World

STEVEN SHELL

Bramble is proud to offer you our exclusive line designed by Steven Shell. A completely unique range built to the same exceptional quality standards and customization capabilities.

Steven Shell offers his sleek and sophisticated take on worldly design which continues to turn heads all over the globe. As a London-born antique dealer, his namesake line is the ultimate showcase in British savoir-faire.

About Steven Shell

Steven Shell grew up in the era of what is now iconic British fashion, and that influence is reflected in his furniture and accessories. From Shoreditch to Kings Road, London's effortless cool and charisma runs in the brand's DNA.

Since then, Steven has traveled extensively throughout Europe and the East, getting to know all manners of the weird and wonderful.

"Inspiration surrounds us—art, music, literature, architecture, design, and nature—all have a unique voice, speaking to each of us in different ways. This belief sits at the heart of my philosophy of influence-driven design."

Drawing from the infinite well of inspiration that he finds while globe-trotting, Steven channels this into his craft. Steven Shell Furniture feels at home in the world; avant-garde, yet understated enough to enhance any home.

"I am proud to offer furniture for the free-thinking individual, someone who knows who they are and what they want in life!"

= Steven Shell item

While our designs have a global influence and take inspiration from all corners of the world, Bramble manufactures its furniture, upholstery, and lighting in our own factory in Java.

Using state-of-the-art technology with traditional woodworking methods, every

element of our furniture is the product of genuine craftsmanship.

Superior quality wood is cut to size and dried in our on-site kiln. The wood then travels through our 17-acre factory where each piece is carved and finished entirely by hand.

Our Factory

DESIGN PROCESS

The Bramble Company design philosophy is to create without confines—to blur the lines between sleek and elegant design and timeless style.

CONSTRUCTION

Our drawers are always constructed with dovetail joints. For all of our open cabinets, we use a superior tongue-and-groove backing technique made entirely from solid wood.

ARTISTRY & CRAFTSMANSHIP

We employ over 1,000 master craftsmen that have a deep understanding of woodworking techniques that were passed down from generation to generation. Each Bramble piece is carved, chiseled and painted by hand.

OUR STANDARDS OF QUALITY

Our belief has always been to build up to a standard instead of down to a price. We believe that we should go above and beyond what is expected in the industry and never sacrifice quality for profit.

MATERIALS

Our furniture is constructed using primarily solid wood mahogany, natural hardwoods, and high-grade veneers. We use only solid brass hardware, and beveled glass in our products.

Sustainability

Bramble is committed to operating sustainably and minimizing our ecological footprint wherever possible.

It is our policy to source mahogany exclusively from forests where felling is controlled by the government and guaranteed to have sustainable regulations.

All of our items are packaged using recycled cardboard unless otherwise requested.

TREE PLANTING

We started planting trees locally in Java in 2005. It was always our intention to plant trees that would produce diverse forests that would benefit the environment instead of tree farms intended to be cut down again.

We continue to support a number of nurseries that nurture new seedlings by the thousands. Once the seedlings are ready to make their way out into the world, we provide the funds and the manpower to see them through to planting.

Many of the trees that we plant often bear fruit and other valuable byproducts. Because of this, we regularly see local villagers incentivized to nurture the saplings beyond adulthood.

Since we started our tree-planting operation in 2005, we have planted over 1,500,000 trees. It is our goal to plant at least one tree for every piece of furniture that we make.

In Indonesia, we are proud to have been recognized as the largest corporate tree planting operation by the Indonesian Records Museum. In the US, Bramble is a member of the Sustainable Furnishings Council.

THREE GREAT WAYS TO BUY BRAMBLE

Warehouse Program

Make your life easy with our Warehouse Program; a curated selection of items in complementary designs and finishes.

We are continually replenishing stock of items in the Warehouse Program even when they haven't been ordered. This allows for faster deliveries and real-time forecast for incoming inventory.

It's easier than ever to check up-to-date quantities and reserve incoming stock on our website. You'll be able to fulfill customers' orders while waiting on your custom order or container.

Check our website for current lineup and availability.

Custom Program

Make any piece your own with our unparalleled finishing options. Customize our entire collection of over **900 items** with hundreds of colors, finishing and artwork options.

Each piece is handcrafted for you in our privately-owned factory in Java and delivered to you within 18-20 weeks.

Minimum is \$1000 for opening orders and reorders.

Container Program

As a container customer, you'll receive our deepest discounts starting at 40% off wholesale pricing on any container order, whether it be a 20ft container or a 40ft High Cube. It's a great way to have unique items at pricing that ensures outstanding margins. Please refer to the chart below for approximate savings.

We offer full flexibility for container customers with no minimum order quantities per item on containers.

Another benefit of ordering a container is that you will receive 25% off custom orders and items from our Warehouse program.

First-time container customers will be required to pay a modest deposit of \$2500 before we begin production.

SEHS FINISHES

Our finishes are painted and distressed by the hands of our master finishers. The handcrafted nature of each finish means that each piece is unique, and its distinct personality will only develop over time.

COLORS

Your personal touch makes all the difference. Make each piece your own with our comprehensive palette of over 80 finishing options including vibrant hues, delicate pastels, and bold stains.

BUYING FROM BRAMBLE / TERMS & CONDITIONS

Our Products

Craftsmanship & Materials

Bramble works almost entirely with solid hard-woods, but may use other materials when necessary to ensure the stability of our pieces. We largely use plantation mahogany, reclaimed teak and mindi woods. Occasionally we will import European hardwoods for use on our pieces..

All of our items are hand built and finished in our privately-owned factory in Java.

A Unique Product

Due to our pieces being hand made and finished together with the natural materials used, each product will have minor variations and imperfections. The distinct characteristics of each piece only add to the charm and uniqueness.

Variations in natural wood patina and finishing are to be expected and sought after by our customers.

Customization

Bramble offers unparalleled custom finishing capabilities on our products, allowing you to customize multiple details of each piece.

We offer paint chip samples to approximate each finish at \$20 a set. Please note that minor variations are inherent due to the nature of the hand-finishing process.

Additionally, we have original artworks that are available to be hand-painted on pieces of furniture or screen printed on fabric and lampshades for a 10% upcharge.

Commercial Usage

Our furniture is designed for residential purposes. While customers often use items for commercial projects, we do not offer warranty on our items for such usage.

Maintenance

Bramble prides itself on its quality. If cared for appropriately, our furniture will last a lifetime. Below are steps you can take to minimize damage to surfaces:

- Always use coasters and placemats on any surface a glass could be placed.
- Spills should be wiped up immediately.
- Keep furniture out of direct sunlight as it may bleach finished and cause movement in panels and tops.

Most of our items can be cleaned with a damp cotton cloth. We also recommend cleaning with Murphy's oil wood soap. For further care instructions, please visit our website.

Installation

We offer many larger items that ship in multiple pieces. These items must be fixed together using the supplied brackets and attached to the wall to prevent toppling.

Your Bramble Account

Stocking Dealers

Stocking Dealers receive pricing at 20% below wholesale on most items.

We require a minimum opening order of \$3000. In order to maintain stocking dealer pricing, an annual spend \$10,000 is required.

Accounts who do not meet the minimum annual spend will lose exclusivity to the line within their territory. Accounts that are inactive for over twelve months will be moved to our standard wholesale pricing, and will be expected to place a new minimum opening order to return to Stocking Dealer pricing.

In order to protect existing accounts, we will always confirm with our local reps to ensure that we are not creating distribution overlap in your area.

Container Customers

Container customers receive our deepest discounts. There are no minimum order quantities per item purchased on containers. Please see the information at the front of this catalog for full information on the benefits of buying containers from Bramble

A non-refundable \$2500 deposit is required for first-time container customers. Container customers receive a 25% discount off wholesale pricing on any less-than-container orders.

Please see the notes below regarding cancellation and order changes.

Design Professionals

We offer our Design Trade customers Wholesale Pricing and we do not have opening minimums for non-custom items.

Designers can receive a volume discount of 20% off wholesale on transactions over \$5,000.

While there is no transaction minimum for Designers for purchases from our warehouse, please note that freight is charged based upon a minimum of \$1,000 at Wholesale pricing. We do have a minimum purchase of \$1,000 for custom orders.

Online Retailers

Bramble values those that commit to flooring our items and thus we do not work with online retailers in most circumstances. Our product can only be placed online by

existing brick and mortar accounts that follow our MAP pricing policy. Please see the section on online sales for more details.

Ordering Bramble Furniture

Our website is probably the most convenient way to place orders as it allows you to see exactly how you can customize items, finishes available for Warehouse Program orders and current inventory. You can also submit your order with your Sales Rep if one has been assigned to your territory. Alternatively you can email the order to CS@Brambleco.com.

Order Confirmation

Once you have placed an order, you will receive a confirmation email detailing items, pricing and availability. Please check your confirmation for accuracy. Unless any changes are sent to us the order will be placed as originally submitted.

Cancellations

No changes may be made to a custom or container order two weeks after it is placed.

In most cases, orders for our Warehouse program cannot be cancelled once confirmed. A restocking fee of 15% will be applied in the event of cancellation.

Pricing

We know that there is always pressure to keep prices low and we are committed to doing our utmost to do so. There are circumstances that are beyond our control, such as increases in tariffs, material and labor costs that make increases essential, though they will always be kept to the minimum.

We may have to increase pricing without notice and the latest pricing will always be reflected on our website. You have the opportunity at this point of order confirmation to cancel your order, should the pricing be unsatisfactory.

MAP Pricing

We take our MAP policy very seriously as we believe in safeguarding our retailers' opportunity to profit without being undermined by online competition. MAP prices are listed in the price lists and will be enforced. Please see the section below that details all aspects of offering our products online.

Terms and Methods of Payment

Warehouse Program

All opening orders must be prepaid either by check or credit card. Items will be confirmed for availability prior to payment.

Accounts who prepay will be billed for the full amount of the product and freight prior to the order shipping. Customers with terms pay for both the product and

freight at the invoice due date.

Container Purchases

We require a \$2,500 deposit on all first-time container transactions.

For all "prepay" accounts, we will invoice two weeks after the container has left our factory. The invoice must be paid before delivery.

Freight will be paid through the freight forwarder.

Custom Orders

For any new customer, all first custom orders require a 25% deposit paid by check or a credit card. You may apply for net 30 terms for future orders.

Credit Cards

We accept all major credit cards including VISA, MasterCard, Discover and American Express. You can call the credit card number into our AR department, or a credit card authorization form can be sent to you.

Interior Designers should note that we will not accept cards from their clients under any circumstances.

Credit card payments will be accepted for container payments, but require an additional 3% fee.

Payments by Check

Bramble accepts checks for both pro-forma payments and payment of Net 30 invoices. A \$25 fee will be billed for all returned checks. We do not redeposit returned checks.

Wire Transfers and ACH

Please contact us if you prefer to use this method of payment and we will provide the necessary routing information.

Net 30 Terms

All opening orders require prepayment.

Second orders from Stocking Dealers may qualify for net 30 terms. Decisions to extend terms are made based upon your appropriate credit checks and references. Net 30 payments are always due 30 days after receipt of the invoice. Delivery delays do not affect payment due dates.

We will continue to offer our Accounts Net 30 terms if payments are made within terms. We reserve the right to switch late payers back to pro-forma payment and to cancel all in-house orders.

We will not accept orders from delinquent accounts, and we will cancel in house orders. Once the account is in good standing, orders should be resubmitted with credit card information.

We will not ship to accounts which are past due under any circumstances.

Shipping and Delivery

Carriers

Bramble works with several specialist furniture carriers who serve the entire USA and Canada. Freight charges are calculated based upon our Wholesale price list before discount.

Should you use our carriers, we will bill the freight on the main invoice with the product. Freight is never refundable under any circumstances. Please see our website for current freight rates.

Should you use your own carrier, we are able to provide approximate weights and volume for you to get your own freight estimate. You can also find this information under the "Specification" section for each item on our website. You or your carrier will need to make an appointment for pick up from the warehouse 24-48 hours before pickup. Bramble will not ship with common carriers, nor will we load or palletize to enable such shipments. We accept no responsibility for any damages concealed or otherwise, should you decide to use an inappropriate carrier.

US Transit Times

Transit times are typically 5-10 working days from the date of pickup from our US warehouse to the delivery to your location.

Truckload Rates

We will provide special quotes for truckload rates upon request. Should you book your own carrier for truckloads, it is essential that your carrier is able to carry furniture and have pads and straps available. An additional loading fee may be applicable, should the carrier not have appropriate labor.

Will Call

Customers are able to pick up their orders directly from either of our warehouse locations. We require a minimum of three full working days to pull orders of 3-4 items and up to 5 days for larger orders. Due to the large number of daily pickups from our facility, we cannot be responsible for driver wait times.

Drop Shipping

Bramble does not offer Drop Shipping directly to our dealers customers. Should a dealer deliver directly to a customer, Bramble accepts no responsibility for any freight charges that result from a claim of any type.

Delivery Locations

Bramble is unable to deliver to any location that is unable to receive a 53' trailer and have the ability to unload products at dock level. No residential deliveries will ever be approved even if the business is run from a residential address.

Offering Our Products Online

All items purchased from Bramble that are advertised online are subject to the following terms and conditions. The placement of a purchase order assumes full agreement with these conditions.

Who Can Offer Our Products Online?

In order to support and protect our customers who have made investments in floor stock, we will not sell our products to companies that only sell online, without special agreements. Thus, in most instances, our products can only be offered online by our existing, active customers who have brick and mortar retail locations.

MAP Pricing

Our current MAP is equal to 2.1 x Stocking Dealer price. Authorized Retailers who offer products for sale via the internet agree not to advertise below the "Minimum Advertised Price." MAP pricing on clearance priced items will typically be the Clearance Price x 2.1. Violation of the Minimum Internet Advertised Price policy will result in suspension of orders and shipments and will also require the immediate removal of Bramble items from your websites.

Dealing with the End User

Should a Bramble dealer choose to sell our products online, the dealer is responsible for all correspondence either by phone, mail or email with the End User. Anyone who offers our product online or through a retail store will have their own customer service function.

Product Specifications

All measurements and color descriptions listed in our catalogue and online are approximate only. Colors shown in photographs may vary from the actual colors due to the nature of the printing process or monitor calibration. Bramble cannot be held responsible for any loss or damages incurred due to the purchase of our pieces based upon published specifications being inaccurate.

Damage and Returns Policy

Following the terms and procedures listed below will ensure that claims are handled promptly.

Product Expectations

It is essential that the nature of Bramble furniture items are understood. Each piece is hand built and finished and is inherently imperfect. Customers should be made aware that over time the tone of the woods and finishes will change particularly if left in direct sunlight. Bramble is proud to build from mostly solid hardwoods, which can expand and contract with changes in humidity. If you are in areas of either very dry air or high levels of humidity it is your responsibility to select the appropriate product.

Product Specifications

All measurements and color descriptions listed in our catalogue and online are approximate only. Colors shown in photographs and color chips may vary from the actual colors due to the nature of the printing process, computer monitor calibration or the nature of the hand finishing process.

Issue Resolution

Please contact us directly by email at claims@brambleco.com if you experience problems with your pieces that are obviously manufacturer's defect. We will provide a damage claim form and will require images of the defects and cartons in which it was supplied.

Bramble reserves the right to offer an appropriate credit for a repair or a replacement at it's own discretion.

Repairs

Bramble may request that a repair quote is provided and will credit the repair should it be acceptable. No repairs should be undertaken without Brambles written authorization.

Replacements

If an item is not repairable, Bramble may offer a replacement and a discount on the original so that it can be sold off your floor at a discount. Bramble may require the return of the original item in order to credit the piece to the customer's account. Bramble will only send the replacement to the customers store or receiver and is never liable for delivery to the end users' home.

Credits for Repairs or Saleable Items

For any merchandise deemed repairable and/or saleable at a discount, we will issue a credit to cover repair costs, or a credit to sell the product as is. If the item can be repaired, you have one month to send us the repair quote. After that no credit will be given for the repair.

Returns

Returns will only be accepted and credited when accompanied by a completed Return Authorization. A Return Authorization can be obtained by contacting claims@brambleco.com. Once received, an item will be inspected by our claims team to ascertain the exact nature of the damage, after which the credit may be applied to the account.

Disposal of Items

Under some circumstances Bramble may require that the item is either placed in the trash or donated to a local charity. If a donation is required, once the donation has been made the receipt should be forwarded to our claims department

Product Inspections

Bramble may request that our Sales Representative for your area inspect the items prior to any action being taken.

Freight Claims

The trucking company is responsible, per the terms of the Bill of Lading, to deliver the merchandise in the same condition that it was picked up in. Freight invoices are deemed to be separate from product invoices, therefore all freight invoices must be paid regardless of product claims. Freight charges are never refundable.

In order to avoid losses due to freight damages, please follow the procedure below.

Damages - Damages to cartons must be noted on the Bill of Lading at the time of delivery. If the damages seem to have affected the item, refuse the piece at this point and note the refusal on the bill of lading. It is the customers responsibility to notify the carrier immediately and file a claim.

Missing Items - Missing Items can only be replaced by the carrier if the following procedures are followed. Always check the items against the Packing List as they are unloaded. Immediately note on the Bill of Lading if an item is missing. Contact the freight company directly to inform them of the problem.

Manufacturers Defect - If it is established that a claim is valid for manufacturers defect and should Brambe offer a replacement, Bramble will pay for the delivery of the item and the return of the damaged item to our warehouse, only to and from our dealers warehouse or store and does not accept responsibility for any aspect of the residential delivery.

Bramble Warranty

Bramble offers a limited one-year warranty against manufacturing defects. In the event of a defect, malfunction, or failure to conform to this warranty, Bramble will repair or replace [at its sole option] its product without charge, upon delivery of the defective product to our warehouse location. Payment of shipping costs to and from Bramble are not covered under this warranty. Bramble does not warrant against the existence of inherent characteristics or properties of materials utilized in Bramble products, including but not limited to characteristics or properties of reclaimed materials used in its products, which can vary slightly in dimensions, color or finish from examples shown in its catalog or showroom, which may have uneven, imperfect, weathered or coarse finishes, and which may exhibit cosmetic cracking. Bramble does not warrant against and will not repair changes in wood color tone over time or oxidation of finishes or patination. Bramble does not warrant against and will not repair changes in its products resulting from misuse, mishandling, improper maintenance, improper storage, or exposure to weather, excessive moisture or lack of moisture. Bramble does not warrant against and will not repair manufacturing imperfections in glass. Bramble does not warrant against and will not repair cracked glass or breakage of glass occurring after acceptance of delivery. This warranty is governed by Wisconsin law.
